VIN	4XASEA574HA647732
Stock Number	S647732
Color	Sage Green
Condition	USED
Engine Size	567cc

FEATURES

Hardest Working Features

SPORTSMAN® 570 VS. CAN-AM® OUTLANDER® 570: Sportsman® 570 is the best value, best selling automatic ATV of all time.

TRUE ON-DEMAND ALL WHEEL DRIVE: Polaris Sportsman, the best selling automatic 4x4. The AWD engages all four tires when the rear wheels slip and you need more forward traction. Reverts back to 2WD when you don't. Its simple and doesn't require pushing any extra buttons or pulling levers like the competition.

POWERFUL 44 HP PROSTAR ENGINE: With 44 Horsepower, Electronic Fuel Injection (EFI) and Dual Overhead Cams with 4 valves per cylinder, the 570 starts flawlessly and runs smoothly in varied temperature and altitude.

MASSIVE 1,225 LBS. TOWING CAPACITY: Sportsman 570 works harder than Honda® Foreman® with a huge 1,225 lbs. towing capacity that's 44% larger than Honda's 848 lbs. towing capacity.

INTEGRATED FRONT STORAGE: The most integrated storage of any ATV. The 6.5 gallon capacity lets you stow-away loads of gear and still have access to it, even with items tied to the deck.

LOCK & RIDE STORAGE SYSTEM: The Polaris Sportsman Lock and Ride Accessory system allows you to adapt on the fly and accessorize your ATV to tackle any task you throw at it. Sportsman ATVs have hundreds of Lock and Ride accessories to convert your vehicle from a trail machine, to the ultimate work or hunt machine in just seconds. When you need an ATV that can adapt to any task, you need a Sportsman.

INTEGRATED WINCH & PLOW MOUNTS: Sportsman's® Integrated Winch & Plow Mount System allows you to install or remove your plow system in under a minute without the need for big bulky mounts, leaving you with full factory ground clearance for the trail.

Smoothest Riding Features

HIGH GROUND CLEARANCE: A full 10.5 in. of obstacle-clearing off-road ground clearance lets you tackle some of the toughest terrain that comes your way.

LEGENDARY SMOOTH INDEPENDENT REAR SUSPENSION (IRS): Sportsman's® Legendary Smooth Independent Rear Suspension System gives you 9.5" of wheel travel for the best ride, provides maximum traction thanks to the camber change and best handling with the integrated torsion bar.

EASY TO OPERATE SINGLE LEVER BRAKES: Sportsman 450 H.O. makes braking easy with single handed operation using a Single Lever 4-Wheel Hydraulic Disc system that automatically applies braking force to the front and rear wheels. For rear wheel braking Sportsman 450 H.O. features a hydraulic rear foot brake.

COMFORT & ERGONOMICS: Sportsman comes standard with its contoured seat, optimized foam formulation and STX vinyl which provides all weather comfort. Spacious, flat footwells with integrated traction elements ensure solid footing.
