Model Code	A15SWE57AD
VIN	4XASWE572FA220812
Stock Number	S220812
Color	Indy Red
Condition	USED
Engine Size	567cc

FEATURES

Hardest Working Features

Powerful ProStar® 44 HP Performance Now with 10% more horsepower (44 hp) and featuring Electronic Fuel Injection (EFI) and Dual Overhead Cams with 4 valves per cylinder, the 570 starts flawlessly and runs smoothly.

High performance close ratio on-demand AWD Still the best automatic 4x4 system out there, the AWD engages all four tires when the rear wheels slip and you need more forward traction. Reverts back to 2WD when you don't.

Supreme Vehicle control with ADC and EBS Active Descent Control (ADC) and Engine Braking System (EBS) work together to control downhill braking to give you optimum control and smooth, even deceleration during descents.

Built to run accessories 560 watt stator for more charging power and the capability to operate more hardest working Polaris accessories. Integrated winch control wiring and plow mount make it even easier to get work done.

Integrated front storage The most integrated storage of any ATV. The 6.5 gallon capacity lets you stow-away loads of gear and still have access to it, even with items tied to the deck.

Smoothest Riding Features

Electrical Power Steering The smoothest, most responsive power steering available, with 30% more power assist than the leading competitor, plus Variable Assist for easier steering at lower speeds. Our EPS lets you ride all day with less fatigue from steering.

Ergonomics For rider and passenger comfort With over 4" of cushion, the convertible rear passenger seat provides all day comfort.

High Ground clearance A full 11" of obstacle-clearing ground clearance lets you tackle some of the tougher terrain that comes your way.

Legendary Smooth independent rear suspension (IRS) The Sportsman was the world's first ATV with IRS, a feature that made it as popular as it is today. Its rock-solid design has 9.5" of travel to minimize body roll and keep the ride smooth.
