LOT 102 - 2003 Chevrolet Suburban

Year 2003

Make Chevrolet

Model Suburban

Title? Title on Hand

Description

2003 Chevrolet Suburban

189,592 miles, power seats, leather interior, heat and AC work, bucket seat middle row, fair 16" rubber, always stored inside, runs good but does have some mechanical issues. Every now and then when driving down the road vehicle will start running rough and eventually die, but if you cycle the key a few times it has always started back up and run. Owner has had it to a mechanics shop and when plugged in to find the issue the computer says that there is a ground fault. Had catch all floor mats. Driver heated seat does not work. 4-wheel drive works.

Located East of Junction HWY 385 & 26 North of Bridgeport, NE. For more Information call Jake at 308-279-0235
